

## Whole Health Center Houston — Important Announcement

### *Summary for Our Patients*

#### Dear Whole Health Family,

After much prayer and seeking God’s direction, we are announcing that **Whole Health Center Houston will close on Friday, May 29, 2026**. This was not a long-planned decision but one made in obedience to what we clearly sensed the Lord asking of us.

---

#### Why We Are Closing

- After 13 years of practice in Houston, we have entered a new season where God is calling our family to:
    - **Close the practice**
    - **Move to the Hill Country**
    - **Join a specific church community**
    - **Enter a season of full sabbatical rest**, especially for Dr. Wells, whose health has been impacted by years of nonstop responsibilities
  - We are also being led to **return to our roots**—both spiritually and geographically—and to plant new seeds for the future.
- 

#### What This Means for Your Care

We want to **finish well and finish strong**. Between now and May 29th:

#### We Will:

- Continue seeing patients
- Provide IV therapy through closing day
- Help with refills, annual exams, and transition notes
- Process medical records requests (please allow extra time)

#### Please Consider:

- Scheduling appointments you’ve delayed
- Completing protocols
- Requesting letters, school forms, and follow-up documentation early

## Your Records

We will **safely maintain all charts** after closing. You may request them anytime.

---

## Staffing

Our staff have been blessed to begin seeking new employment now. Many hope to stay through May, but availability cannot be guaranteed. We will remain open and committed through the final day.

---

## Supplements & Provisions Store

- The **in-person store** closes May 29th.
  - The **online Provisions store will remain open** unless the Lord directs otherwise. Your continued support is deeply appreciated.
- 

## How You Can Support Us

- Please **pray**:
    - For the sale of the building
    - For our staff's provision
    - For clarity and blessing in this new chapter
  - Continue scheduling visits and treatments
  - Consider purchasing supplements through Provisions
- 

## A Final Word

We love you, and we are profoundly grateful for the privilege of caring for you over the past 13 years. Though this transition brings sadness, we trust fully in God's leading and in His care for each of you. We will be praying for you as you have prayed for us.

With love and gratitude,

**Dr. Valeska Wells, Paul Wells, and the Whole Health Center Houston Team**
